Health and Safety Policy

C.A.P.S. Ltd is committed to ensuring the Health and Safety of its membership on Society waters.

In particular, C.A.P.S.Ltd will ensure :

- It provides and maintains safe and healthy fisheries.
- Effective systems of communication and consultation on Health and Safety via our website, social media and Officers
- That members and third parties are at all times responsible for their own health and safety while on our waters.
- C.A.P.S. Ltd cannot be held responsible for consequences and actions which arise from the breaking of these rules.

- Health and Safety standards are maintained using Industry and Health and Safety guidance where possible.
- Health and Safety will be audited and reviewed within our own safety management system.
- C.A.P.S. Ltd actively complies with Health and Safety law.

Weil's Disease

There has been a number of cases around East Anglia, but as far as we know none have been reported on C.A.P.S. Ltd waters.

It is however prudent to take all possible precautions, as the disease is carried by rats it is best practice not to leave edible food or baits laying around our waters.

Uncovered cuts in water can be contaminated with this disease, to reduce the risk of infection always carry plasters in your tackle box, and use sterile wet wipes to clean cuts and scratches.

BIOSECURITY WARNING

Crassula helmsii is a non native invasive plant that inhabits wetland habitats. It has many names the most common being New Zealand Pygmy weed or Australian Swamp-stonecrop.

This plant is able to regenerate from tiny fragments, can rapidly establish and dominate affected areas, The effects of this plant on a wetland are **significant**. It can reduce the quality of fishing and is a threat to native plant species. Anyone coming into contact with this plant can carry around and therefore spread it including **fishing equipment ,clothing and boots**.

Essex & Suffolk Water have recently undertaken a costly project to remove this plant and the sand bar from Layer Pit, Anglers returning this site **MUST BE AWARE** that they can spread the plant between sites. CAPS Ltd have several different waters so all members must be vigilant and responsible in their actions. All members should follow and incorporate the **CHECK. CLEAN. DRY** motto.

If *Crassula helmsii* returns to Layer Pit, Essex & Suffolk Water are to be informed and together with CAPS Ltd will initiate a plan of action. Please check our WEB Site for further information on identification of this plant or go to the GB non native species secretarial website.

SPECIES

CHECK-CLEAN-DRY

Invasive plants and animals harm the environment, reduce the quality of fishing and spread disease. Please help to stop them by following the Check, Clean, Dry code.

CHECK

Check your equipment and clothing for living plants and animals. Pay particular attention to areas that are damp or hard to inspect.

CLEAN

Clean and wash all equipment, footwear and clothes thoroughly. If you do come across any plants and animals, leave them at the water body where you found them.

DRY

Dry all equipment and clothing – some species can live for many days in moist conditions. Make sure you don't transfer water elsewhere.

The fishing on this mile long stretch which is shared with Billericay DAC is not considered easy, but it can yield excellent specimens. The average depth is about 5 feet but variations mean it varies from 2-10 foot .

Several shoals of Bream to 10lbs plus, Chub to 6lbs, Pike to 21lbs,Tench, Roach, Perch and Dace are present.

Directions:- This stretch is on Henny Road between Bures and Sudbury, parking is in a layby half a mile before Henny Swan Public House if travelling from Bures. There is a stile by parking area which has to be crossed, the gate is permanently locked for farm access only.

Approx. Postcode is CO10 7LT

No Toilets on this stretch.

Close season applies 15th March-15th June inclusive.

Anglers must not dig swims into bank

RIVER STOUR:

Nayland -Langham

Bailiff: Frank Dowdall **Tel:** 07718 028426

The Club held these waters for most of its history, a few years ago we gave these stretches up but we are now pleased to have them back in our portfolio.

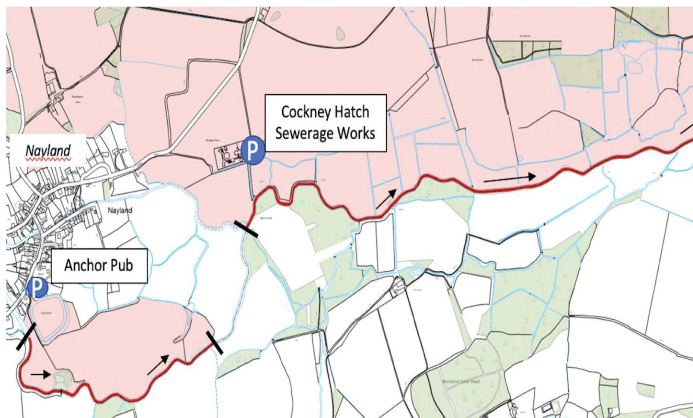

The river holds Dace, Chub, Carp, Pike, Perch, Rudd and Roach with some excellent specimens present.

Directions: Head out from Colchester on the A134 towards Nayland, turn right into Horkesley Road towards the Anchor Pub, which is the start of the stretch. Only one locked gate on the stretch this is on the access lane to Nayland (Cockney Hatch) Sewerage works. There are 3locks on the single chain as multiple agencies, farmers, Anglian Water etc use this access lane (our lock is the gold combination lock). Please ensure you lock the gate as you found it.

Restrictions:

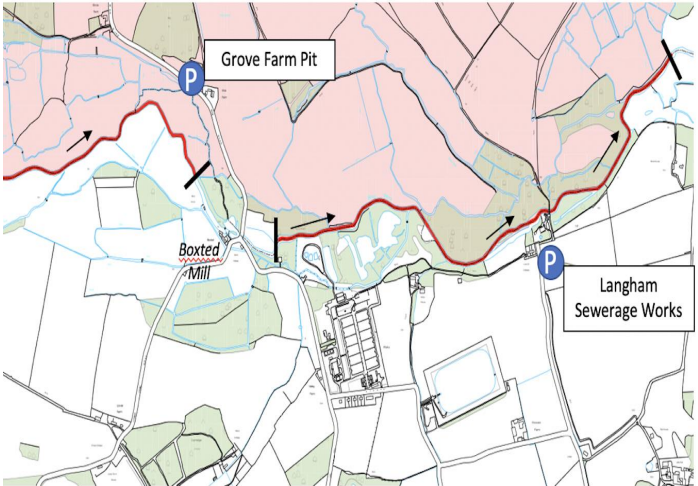

1. Close season applies 15th March-15th June inclusive.
2. Anglers must not dig swims into the bank but can cut back vegetation such as nettles etc.
3. No fishing upstream of Nayland Anchor Bridge, this is not part of our lease and is for Nayland residents only.
4. Parking at Nayland is in lay by before the Anchor Pub, do not park or fish in Pub Car Park.
5. No fishing on Nayland Common Land
6. There is no access or parking at Tendring Hall Farm.
7. Please be aware that CPS lease the Essex Bank at Langham.
8. There are no toilets on the stretch.

RIVER CHELMER

Over 12 miles of canal/river including popular stretches at Hoe Mill, Papermill Lock, Heybridge Tesco and Heybridge Basin. You are able to fish the entire length of the canal from the Gas Works at Browns Wharf Chelmsford to the Heybridge Basin. Known to hold roach, big shoals of bream, tench, chub, perch, pike and carp to over 30lb but most of the more remote stretches still remain largely unfished. Night fishing allowed and day tickets available on the bank. The whole of this stretch is shared with Maldon Angling Society and Chelmsford AA.

Day tickets are available from selected tackle shops, also from bailiffs on easy accessible sections only.

Please be careful to observe notice boards erected along the canal as certain banks will remain out of bounds, or private.

The river genuinely offers something for everyone and it's a genuine case of effort equals reward with some great catches this year.

Chelmer and Blackwater Navigation Fishing Rules

These are in addition to those already stated within the Club rules:

1. Close season applies 15th March to 15th June inclusive.
2. Anglers must not dig swims into bank.
3. No fish to be kept in captivity for longer than 6 hours and any fish showing signs of distress should be returned immediately.
4. Where a match is advertised, the stretch of water will be closed for fishing from both banks for 2 hours before and 1 hour after the match.
5. The use of live fish baits is not permitted.
6. Anglers fishing for carp and pike must use an unhooking mat.
7. Carp sacks are not to be used and carp over 5lbs will not be retained by any method, except during officially booked matches.
8. No fishing within 30 metres of any lock, nor within 15 metres of any bridge, weir, wharf, landing stage, permanent mooring or other navigational structure.
9. No fishing on that part of the waterway just above Daisy Meadow Car Park and Heybridge basin.
10. No fishing between Paper Mill road bridge and the upstream end of the towpath moorings at Paper Mill.
11. No fishing on that part of the waterway adjacent to Treasure Island at Little Baddow.
12. No fishing on that part of the waterway adjacent to the South Bank between Hall Bridge Heybridge and Heybridge basin.
13. No angler is to be inconsiderate or abusive towards other users of the Chelmer and Blackwater Navigation.
14. Anglers must not obstruct the towpath.

LEAVE NO LITTER

This society pledges it's every effort to the betterment of Angling for all its members to enjoy, and no expense will be too great in the endeavour to acquire good waters, and restocking. Please assist us by returning ALL fish and by the careful handling of them in every way. The Committee recommends that as large a keepnet as possible should be used.

CAPS Ltd Mission **Statement**

The long term aim of the Society is to provide more and varied fishing for its members through the improvement of existing fisheries and the acquisition of new waters.

And please remember

Any member may be accompanied by one non-fishing guest, who will not occupy a peg other than that of the host member. The member shall be responsible for the conduct of the guest.
